Testing Options & Pricing for Wisconsin Soils

Sept 1, 2011

Packages

Routine Analysis: Includes pH, Buffer pH, Organic matter, Phosphorus, Potassium, Calcium, Magnesium, Estimated CEC, and Percent Base Saturation **\$8.00**

Complete Analysis: Includes pH, Buffer pH, Organic matter, Phosphorus, Potassium, Calcium, Magnesium, Estimated CEC, Percent Base Saturation, Boron, Zinc, Sulfur, Manganese, Copper, Iron, and Soluble salts **\$16.00**

Make your own package by adding analyses

Manganese, Copper, Iron, Boron, Sulfur, Zinc, Soluble Salts **\$2.00ea**

Sodium **\$3.50**

Chloride **\$9.50**

Volume discounts, based on bi-monthly invoice total

\$ 250 - \$500 = 3%

\$ 501 - \$1000 = 5%

Over 1000 =10.0%

Lawn and Garden Kits

Includes pH, Buffer pH, %Organic matter, Phosphorus, Potassium and a fertilizer recommendation for your choice: Lawn, Flower Garden, or Vegetable Garden **\$19.95**

Wildlife Food Plot Kits

Includes pH, Buffer pH, %Organic matter, Phosphorus, Potassium, and a fertilizer recommendation **\$19.95**

Managed Pasture Kits

Includes pH, Buffer pH, %Organic matter, Phosphorus, Potassium, and a fertilizer recommendation **\$19.95**

Nitrogen Testing (N)

Nitrate nitrogen, no recommendation **\$10.00**

Preplant Soil Nitrate Test (PPNT) includes recommendation **\$ 20.00**

Presidedress Soil Nitrate Test (PSNT) includes recommendation **\$10.00**

Cyst Nematode, Texture and Triazine

Egg count soybean cyst nematode, for analytical purposes. **\$28.00**

Textural analysis (%Sand, %Silt, and %Clay) **\$20.00**

Triazine Screen Report includes total amount of triazines, including Atrazine. **\$65.00**

Soil sampling and field mapping services

Boundary Mapping (\$25.00 per field minimum)	\$1.00 per acre
Conventional Sampling	\$7.75 per sample
Grid sampling	
2.5 acre	\$3.99/acre
5.0 acre	\$2.99/acre
Includes GPS soil sampling and electronic transfer of sample point data	
VRT Mapping: Variable rate fertilizer recommendation and maps for one year	\$2.50/acre
VRT Spreader File	\$1.00/acre
Yearly VRT Fertilizer Recommendation Update	\$1.00/acre

**Discounts do not apply to sampling or mapping services
Prices do not include sample analysis**

Plant Tissue Analysis

Nitrogen, Phosphorus, Potassium, Calcium, Magnesium, Sulfur, Boron, Manganese, Zinc, Copper Iron, Aluminum, and Sodium	\$25.00
--	----------------

Other Analyses Available

Petiole Nitrate Nitrogen	\$10.00
Late Season Corn Stalk Nitrogen	\$10.00

Fertilizer - Manure Analysis

Nitrogen, Phosphorus, Potassium, and Sulfur	\$25.00
Total Tract Starch Digestibility	\$13.00
Lime: Ca/Mg Ratio	\$15.00
Lime Grade	\$25.00

Free Sample Pickup

Rock River Laboratory values your time. We will arrange for free pickup of samples from your location during the heavy volume seasons. We will also cover the cost of shipping during the slower seasons by providing prepaid shipping labels. Please contact us to set up arrangements for your location.
